### Thought You'd Want to Know...

#### Who are these kids?

They are kids just like yours and mine, age birth through five, and their teenage mothers (who are really just children themselves) who come to My Father's House because they have no adequate or safe place to live. They are homeless, part of the more than 1.5 million homeless children in our country, half of whom are under the age of 5.

#### Why are they homeless?

They usually have no money or means of income; they lack permanent available housing; they have no family or friends who can or will house them; they are escaping a dangerous situation; they are new to the area and not eligible for benefits or housing.

#### Where do they come from?

Most of them are local kids, but My Father's House has been home to children from 54 towns in MA as well as from NH, CT, RI, and NY.

#### What will my money do?

Your money will give these children a safe place to live, a bed to sleep in, food to eat, hot water for a bath, a means for proper health care, and give their moms a chance to resume school and participate in parenting and life-skills education.

#### What can I do after the walk?

Check out our web site for information on becoming a partner or a volunteer.
